

## ***“Twelve Months of Cover-Up” Lyrics***

Given to us by the Big Bad Wolf of the [AuditGANow.com billboard campaign](#):

**12 Months of Cover-ups** – For over 12 months, the Georgia SOS and Fulton County have consistently prevented Georgians from inspecting ballots from the November 2020 election or taking server image copies to forensic analysis

**11,000 Suspect Ballots** – [Sworn affidavits](#) from senior poll managers and audit monitors state that there are counterfeit ballots in the Fulton County election results that could scale into the tens of thousands

**10 million Bucks wasted annually** – Georgia counties must pay about [\\$10 million](#) annually extra for maintenance, testing, licensing and logistics of Georgia's new voting system in addition to the \$107 million initially spent by the state

**A 9-page junked up court brief** - The Georgia SOS and Attorney General filed an [Amicus brief](#) with information identified as [shown to be false](#) in an attempt to prevent disenfranchised voters from inspecting Fulton County ballots believed to be counterfeit

**850 False Talled Biden Votes** – [Falsified tally sheets](#) with a total of 850-0 votes for Joe Biden were found in the Fulton County audit

**70 Counties trashed their election files** – [70 Georgia counties](#) admitted that they did not have all their original ballot images from the November 2020 election or failed to comply with an Open Records Request to produce them

**60% Audit Error Rates** – The total votes by batch for the actual Fulton County ballot images [do not match](#) their reported audit results in 60% of the batches

**5,000 Duplicate scans** – There are roughly 6,600 [duplicate ballots](#) reported in the Fulton County audit results

**4 fired whistle blowers** – Two senior poll managers and two elections directors who all found serious evidence of election fraud, or irregularities were terminated or forced to resign

**300 Unsafe drop boxes** – Roughly 380 drop boxes were disproportionately installed around the state in select counties and filled with hundreds of thousands of ballots that did not have proper chain of custody forms

**2 million lost ballot images** – Roughly 1.78 million original ballot images from the November 2020 election are [missing](#) from Georgia counties

**A voting system that poops on Georgia law** – A U.S. District Court [found](#) on October 11, 2020 that Georgia's new voting system violates two Georgia statutes but it was used in the November 2020 election anyway
