Dear Sir:

In my official capacity as a member of the Georgia House of Representatives, I am requesting that your office immediately file for:

- 1) A true audit of the absentee ballots cast in the November 3, 2020 General Election, based on the Georgia citizen electors signature on file, the matching signature on the application for an absentee ballot and the matching signature on the envelope of the returned ballot. Each county Election Board is required to keep this material and it should be readily available;
- 2) An independent investigation by the Georgia Bureau of Investigation, to further investigate allegations of irregularities at any and all county Boards of Elections.

While the Secretary of State Election Division has the authority to investigate and report, I am convinced that another set of eyes, preferable sworn officers, would be in the public's best interest.

I am prompting this request due to testimony given to the House Governmental Affairs Committee on Thursday, December 10, 2020. Many of the allegations and reports given should be easily investigated as to factuality. All citizens should feel comfortable with the credibility of the election process, and at this time there are many unanswered questions.

The full video of this hearing is available with all testimony of concern, as well as concerns of committee members. Please feel free to contact me for any further details that may help implement this request for investigation.

Trust but verify!

With Kindest Regards,

Alan Powell
